Updates the database

Already have a staff account? Sign In

Once the 'Sign Up' button is clicked, it should check:

1. There are no empty fields
2. Update database with new Manager account
 - The 'Role' field in the database will be 'Manager' automatically
3. A message displaying username of the account
 - Closing this message will take back to staff login page

Task: Garage Staff Login Functionality

Sign in to your staff account

New Manager Account

Click here to go back to customer login

The 'Sign in' button:

1. Check if no fields are left empty
2. If username isn't recognised, display a message
3. If password is wrong, display message
4. Display webpage:
 - If the username corresponds to 'Garage Manager', it should display 'Garage Manager' web page.
 - If the username corresponds to 'Administrator', it should display 'Administrator' web page
